

#### Statement Concerning Suggested Daily Caloric Intake:

The Dietary Guidelines for Americans recommend limiting saturated fat to 20 grams and sodium to 2,300 mg for a typical adult eating 2,000 calories daily. Recommended limits may be higher or lower depending upon daily calorie consumption.

#### Important Statement:

Nutrition information is based on analysis by R-TECH and Commercial Testing Laboratory, Inc., and representative values from manufacturers, Genesis R&D® SQL and the USDA. Allergen information is provided by the ingredient or product manufacturer. The information in this brochure assumes compliance by locations with ingredient requirements and standardized preparation procedures. Seasonal and manufacturer variations may also affect information.

This brochure is for permanent menu items in DQ® approved system food restaurants (*DQ Grill & Chill*®, *Brazier*®, and Limited *Brazier* locations). It does not apply to: (1) limited time offers or test items; (2) non-system food locations that sell food products not approved by DQ (you can identify approved system food locations by the *DQ Grill & Chill*, *Brazier*, or Limited *Brazier* signs or by asking the restaurant operator); (3) food restaurants in Texas, which have their own authorized food system and nutrition information; (4) soft-serve products in some Illinois and New Jersey stores that use a soft-serve differing significantly in nutritional content from the standard DQ soft-serve, including increased butterfat content in the NJ stores; (5) some location-specific menu items.

If you have questions about a menu item, please contact the store operator or manager.

#### Allergen Statement:

DQ locations contain allergens that may come into contact with your food. Since allergens are present in every DQ location and cross-contact can easily occur, we cannot guarantee any item to be allergen free nor the accuracy of the data as it relates to prepared menu items at a location. We suggest you inform the restaurant of any allergies prior to ordering and ask to see the ingredient listing on the packaging for the product you would like to purchase.

**Peanuts/Nuts:** Peanuts and nuts are found and used in many products sold in DQ locations, and it is impossible to guarantee that any DQ product will be free of peanut or other nut allergens.

**Fish/Shellfish:** DQ locations use the same equipment (including fryers) to prepare fish/shellfish as is used for non-fish/shellfish items like French Fries. While the frying process typically denatures the allergenic protein, it is possible for the fish/shellfish allergenic protein to remain in the frying oil or on equipment surfaces and contact other DQ products.

**Soybean Oil:** Our frying oil is a vegetable oil blend with soybean oil. While soybean oil is not recognized as an allergen, consult your doctor as to whether you should avoid soybean oil.

**Gluten Sensitive:** Gluten is in many DQ products and cross contact may easily occur during product preparation. For those with gluten sensitivity, we recommend trying one of our manufactured novelties: *Dilly Bars*, *Buster Bar* Treats, Fudge Bars, Vanilla Orange Bars, or *Starkiss*® Bars, which can be found in sealed plastic wrappers. These products are made without wheat, rye, oats, or barley in a facility that has limited cross contact risk. This does not include *Dilly Bars* or *Buster Bar* Treats in paper bags, which are made on the store premises and are subject to potential cross contact.

For more detailed information on food ingredients, we suggest you visit the U.S. Food and Drug Administration Center for Food Safety and Applied Nutrition Web site at [www.cfsan.fda.gov](http://www.cfsan.fda.gov). For more detailed information about food allergies, we suggest you visit the Food Allergy and Anaphylaxis Network Web site at [www.foodallergy.org](http://www.foodallergy.org).

\* Locally sourced ingredients are used in this menu item. please verify allergens at your local restaurant.

\*\*\* Some DQ locations may use a chocolate flavored cone coating that has higher levels of trans fat. If the DQ location uses chocolate flavored cone coating with code #2535, the nutrition information for these products is:

#### Turtle Pecan Cluster Blizzard®:

**Mini:** Calories 410, Saturated Fat 9g, Trans Fat 1g, Sugars 39g. **Small:** Total Fat 34g, Saturated Fat 16g, Trans Fat 1.5g, Total Carbohydrate 88g, Dietary Fiber 1g, Sugars 66g, Iron 20% DV.
